This year South Prairie is partnering with local nonprofit organization Food Roots to provide monthly garden-based lessons for all students. The lessons complement what students are learning in science and will include lots of hands-on activities and locally grown produce tastings! If you're interested in volunteering with the school's Garden Committee or would like more information, please contact Rachel Pettit at rachel@foodrootsnw.org.

CHEESE!

PICTURE DAY is Sept. 25th. Be on the lookout for Life Touch Photography order forms coming home in Thursday Communication folders.

Information regarding opting out of state testing is available on South Prairie's website.

PTC NEWS: Are you looking for a great way to support your child and the community at the same time? Look no further! Liberty and South Prairie need your help on the Parent Teacher Committee (PTC). The PTC helps with fund raising activities, family activity nights, staff appreciation week, other activities for students, staff, and the community. It's a great way to meet other parents and connect with families you'll be with for the next several years. We would love to have you! As in years past, Liberty and South Prairie have a combined PTC. Our first meeting will be September 19 at 3:30 p.m. at Liberty. Your children are welcome to tag along! We can't wait to see you there!

STAY CONNECTED!
